A MONSTROUS PROPOSAL

How the Sultan of Turkey Will Demand Payment of Taxes.

TO BE STARVED INTO SUBMISSION.

Nestorian Christians Who Are a Race of Mendicants Will be Deprived of Food by Soldiers, Who Will Prevent Supplies from Entering Their Territory.

LONDON, June 10.—The special correspondent of the Associated Press, under date of Djefla, Russia, May 7, writes as follows concerning affairs in Armenia: The Turkish government, it is said, has just taken the preliminary steps in what may result in a massacre of Nestorian Christians in the mountains of Kurdistan. It is asserted that the government has given orders to starve the independent tribes of Nestorians in the mountain region immediately west of Gawar, which may be described as lying about midway between Mosul and Lake Van, about fifty miles west of the Persian frontier.

The order, it is stated, are that no food supplies of any kind shall be allowed to enter the territory of the independent tribes, and measures are said to have been taken to enforce these orders to the letter. This action is apparently taken as a means of compelling the independent tribes to submit to Turkish authority and to pay the taxes demanded by the Turkish government, and is regarded as the first serious attempt that the Turks have made to extort taxes from the independent tribes.

From the earliest times in the history of the Ottoman empire these tribes have been independent of Turkish rule. They have paid no taxes and they have acknowledged no allegiance to the Turkish government. All Turkish officials have been excluded from the territory of the tribes, and tax gatherers having regard for their own lives have let the independent people alone in their mountain fastnesses. The presence of these independents has, according to report, always been a thorn in the side of the Turkish government, but as it was practically impossible to subdue the half savage mountaineers by force of arms, no attempt has been made to discipline them.

The present course of the government is taken, in some quarters, as an indication that the sultan has set on foot a systematic persecution of Christians in all parts of the empire. The fact that the independents pay no taxes is looked upon by the opponents of the Porte as merely a plausible excuse for the government's action.

But why the sultan should come upon these half wild people for taxes now, after an independence since the Babylonian era is not easily explained. The sultan has plenty of opportunity for knowing that

the independent Nestorians are too poor to pay taxes, and that many of them make a living by going down into the villages of their less wretchedly poor fellow countrymen and begging. There is one large village inhabited entirely by beggars. These poor creatures, according to the story, are to be starved because they will not share with the sultan of Turkey the scraps of bread, the refuse bits of meat and the odds and ends which they obtain by begging.

It is not difficult to forecast the probable result of the starvation of this race of beggars, should the report turn out to be correct. Driven desperate by hunger, the people will endeavor to obtain food from Gawar and other outside districts, and there will be fights with the Turkish troops, the villages will possibly be attacked and some of the wretched people will be killed, and no man can prophesy where the persecution will end. However, the whole story may turn out to be an invention of the enemies of the Turkish rule, but I think it but right to record the fact that this startling report is in circulation, and apparently, is believed by many people to be true.

I have just returned from a rapid journey to the Kurdish mountains for the purpose of investigating the report that fourteen villages had been attacked and devastated by a raid of Kurds last week. I found that a band of Kurds from the mountains had indeed raided fourteen villages in this valley, but the raid was directed against other Kurds, and not against Christians.

The Rupture With Turkey.

CONSTANTINOPLE, June 10.—Additional reports received indicate that the Moosh commission closed on Friday, so far as the work of the European delegates is concerned. They were compelled to tell the Turkish delegates that they could have nothing more to do with them. The rupture between the Turkish and European commissioners was caused by the refusal of the Turks, on purely farcical grounds, to hear important witnesses upon matters pertaining to the questions at issue. It was evident that the Turks were afraid that the issue of falsehoods that they have thrown around the situation in Armenia would be broken down.

A Granddaughter of Key Dismissed.

WASHINGTON, June 10.—Among the 100 clerks discharged from the pension bureau in a reduction of the force was a granddaughter of Francis Scott Key, the author of "The Star Spangled Banner." From her salary she supported her mother, who is 80 years old and blind.

Ate Poisoned Fish.

AKRON, O., June 10.—Thomas Hine and his wife and three children living at Randolph, near here, ate fish for supper and in the morning Mrs. Hine died in agony and the three children are so ill that their lives are despaired of. It is believed that the fish was poisoned.

FOUR MEN SUFFOCATED.

Went to Work in a Tunnel and All Overcome by Smoke.

PITKIN, Colo., June 10.—News reached here yesterday that four men were suffocated in the Alpine tunnel Saturday afternoon. An engine had run into the tunnel, which is 1,776 feet long, with a crew of several men to syphon out an accumulation held in by dirt. The ventilation of the tunnel is poor, and the smoke from the engine made the air stifling that the men soon prepared to leave. As the engine was backing out a man was discovered lying across the track, and the engineer reversed, running further into the tunnel, where all the men were quickly overcome by suffocation.

Strenuous efforts were made to revive the men but it was impossible, as the air within had become so impregnated with gas and smoke that for several hours no one could enter far enough to reach the victims. The dead are: M. W. Flavin, superintendent, married; N. Martinez, engineer, married; Michael Burns, fireman, married; Oscar Cammann, miner, single.

Teams were sent to the tunnel last evening to convey the remains to this place. A special train came up from Gunnison carrying friends and relatives of the victims, and went on to the tunnel to meet the teams and bring the bodies to town.

SUNDAY RIOT IN VIENNA.

Several Persons Injured in a Conflict with the Mob.

VIENNA, June 10.—The long expected conflict between workmen and the police took place yesterday. Ten thousand laborers gathered in the streets of the city, according to a preconcerted arrangement. Deputy Bernstorff and other socialist leaders made speeches to the crowd. Upon the arrival of the police they declared the meeting illegal and requested the audience to disperse. The crowd noisily separated, but the arrest of a man named Feigl caused a collision between the police and the socialists, who tried to rescue the prisoner.

The police were stoned, and many small fights occurred in various portions of the city all the morning. A mounted inspector had his uniform torn from him, and he was nearly pulled off his horse. Another inspector was thrown down and kicked in the abdomen. Three policemen were injured by the shower of stones. Nineteen socialists have been placed under arrest.

Robbed by His Fiancee.

CINCINNATI, June 10.—Minnie Destra, her two brothers and Herman Renner, arrested Saturday night, were taken to Baltimore, left their baggage and went to Dayton last night. Renner returned last night. He said he was engaged to Minnie, and had entrusted \$2,500 to her keeping. It was all his savings. When he got up at Dayton yesterday he found that Minnie Destra and her alleged brothers had fled, and also his \$2,500. The police here are co-operating with the Dayton police in hunting the fugitives.

Savannah's Many Murders.

SAVANNAH, June 10.—Savannah is greatly stirred up over three murders occurring within less than a week. Nearly a hundred homicides have occurred here in the last ten years. No white man has been hanged in the last sixty years. Four negroes have been hanged in the last four years. Public opinion is much aroused. In twenty years it is said Savannah has had a homicide on an average of about every five weeks.

The Grand Prix of Paris.

PARIS, June 10.—The race for the Grand Prix of Paris yesterday was won by M. Edmond Blanc's Andree. Vicomte D'Harcourt's Cherbourg was second, and Baron A. De Schickler's La Sagittaire third. This race was witnessed by a crowd of English and Americans, while political and social Paris did everything possible to make the event this year even more magnificent than during past seasons.

Hon. Whitlaw Reid's Mother Dead.

KENIA, O., June 10.—Mrs. Marian Reid, mother of Hon. Whitlaw Reid, ex-minister to France, died at her home near Cedarville yesterday, aged 91 years. She had lived on the same farm since her marriage, and was for thirty years a widow. Hon. Whitlaw Reid, her only child, arrived here this morning. The aged mother will be buried beside her husband in a cemetery near the farm.

Judge Harmon in No Hurry.

CINCINNATI, June 10.—Judge Judson Harmon, the new attorney general, spent Sunday with his family here. He has received many callers, and telegrams of congratulations are still pouring in. He could not state today when he would go to Washington. Unless he is called to the national capital officially at once he will remain a few days to close up some matters with his law partners.

To Protest Against the Prize Fight.

DALLAS, Tex., June 10.—Alderman B. H. Webster has begun a war upon the proposed meeting between Corbett and Fitzsimmons. He has called an indignation meeting at the city hall for this afternoon of men of all religions to take measures to prevent the fight. He is laughing at applications for boxes and reserved seats are pouring in, although the fight will not take place until Oct. 31. Dan Stewart is expected home this week, and soon after the contract will be let for building the great coliseum, with a seating capacity of 30,000 people. The price of admission has not yet been settled.

Down a Mine Shaft to Death.

HIGH BRIDGE, Pa., June 10.—Peter Sullivan was killed and three others badly injured by an accident at the iron ore mine of Joseph Wharton at Hibernia. They were in a bucket that was being drawn up the shaft, when a plank fell from the top and struck the men, throwing all of them out. They fell to the bottom of the shaft. Sullivan was instantly killed. He was 21 years old and single. James Harris, of Beach Glen, was fatally hurt, and Park Human had an arm broken, and Andy Musky, a Hungarian, had his hand broken.

THE NEW PREMIER.

Secretary Olney May Take the Oath of Office Today.

WELL EQUIPPED FOR THE DUTIES.

As Attorney General Mr. Olney Has Had Opportunity to Acquaint Himself with the Various International Complications That Confront Our Government.

WASHINGTON, June 10.—Secretary of State Olney is expected to take the oath of office this afternoon. There will be no undue haste, however, on the part of the new chief of the state department to lay aside the pending business of the department of justice and take up the important foreign questions before the state department. Mr. Olney has given such close study to the larger law questions coming before his department that it will take some time for him to put the work aside and for the new attorney to grow into it. Mr. Olney is, moreover, equipped in advance for the duties of his new office, as he has been consulted constantly during the last year on the various complications over Venezuela, Nicaragua, Behring sea, the Waller case, foreign tariff retaliation, the Japan-China treaty, Spain's conflict with Cuba, and the lesser questions in which the United States has been brought in relation with the rest of the world.

The last year has been unusually fruitful in foreign complications. Some of these were closed by Mr. Gresham, notably the British-Nicaragua incident, in which the United States sided toward a settlement; the Japan-China treaty of peace, which was effected as a result of kindly intervention by the United States; and the friction with Hawaii as the result of the demand for the recall of Minister Thurston. The other foreign questions which attracted public attention during Mr. Gresham's administration of the department are still pending.

With Great Britain there are two questions of special importance to be adjusted, viz: Those affecting Behring sea and the Venezuelan boundary. A Behring sea conference will be held in Washington in October next, Sir Julian Pauncefote having effected the preliminary arrangements with Mr. Gresham. The purpose is to draft a new treaty by which the claims of Canadian sealers for alleged seizures and losses will be submitted to a commission. The conference will take up the more important question of readjusting the Behring sea regulations in order to make them effective. This will come later, however, and promises to call out a vigorous legal and diplomatic controversy.

The British-Venezuelan question is mainly significant in involving the Monroe doctrine. The United States has asked Great Britain to arbitrate the question. So far as is known no definite answer has been given to Ambassador Bayard, who presented the request of this country. But as the British foreign office has positively declined to consider similar requests by Pope Leo and by the International Arbitration association, it is not doubted that in due time a declaration will come to the United States. It will then remain for the state department to determine to what extent British aggression in Venezuela is compatible with the Monroe doctrine. Mr. Gresham had made a special study of the subject, regarding it as of more importance than any other foreign question under consideration. Mr. Olney was called into conference and for several weeks prior to his selection for secretary of state he was busy investigating this complicated question. It is probable that a definite issue will be reached when Ambassador Bayard sends Great Britain's answer. With France the only question of consequence pending is as to the imprisonment of ex-Consul General Waller. Ambassador Eustis has been instructed to make inquiries with a view to securing for Waller all the rights of an American citizen abroad, including a trial by a civil court.

Germany, Austria and Denmark are having numerous tariff complications with the United States, which threatened at one time to bring about radical retaliation by this country. The readjustment has proceeded largely through the state department. Germany and Denmark continue their exclusion of American meats, but there are prospects that a satisfactory settlement will be effected. The discriminating duties levied against the beet sugars of Germany and Austria brought on the conflict, and Denmark followed the lead of her influential neighbors.

The Cuban revolution promises to be a source of controversy with Spain. Minister Deputy De Loma has already asked the state department to apprehend those sending arms to Cuba, and the suggestion is made that Spain will make a claim against the United States based on the precedent of the Alabama claims. Officials are not solicitous, however, as to this claim, and the intimation is made that it is inspired by British sources and out of resentment for the Alabama decision.

Italy and the United States are expected to arrive at a satisfactory settlement ere long concerning the murder of a number of Italians in Colorado. It is understood that Secretary Gresham regarded the offenses such an infringement of international rights that he inaugurated negotiations for the payment of cash indemnities to the families of the deceased Italians. This step, if consummated, will be in addition to the steps taken by the authorities of Colorado to prosecute the offenders.

The only subject of consequence pending with Russia is that concerning the amelioration of the condition of the Jews. The United States has taken little part in the Armenian question, which is provoking a conflict between Turkey and the European powers. One of the first acts Mr. Olney is likely to be called on to perform is that of recognizing the new government of Ecuador, which has come into power after a bloody revolution. There are no pending questions with other South or Central American countries, save that in which Venezuela is involved.

Four Girl Bathers Drowned.

DUBOIS, Pa., June 10.—The details of a distressing accident, resulting in the drowning of four young women on Saturday at Big Run, a hamlet near this place, reached here yesterday. The unfortunate were members of a party of seven girls, whose ages ranged from 13 to 16, who were bathing in a small stream called Mahoning creek. Their names were Sadie and Maggie Anthony, sisters; Rosa Rimer and Nora Rugh. But one of the entire party could swim, and when Maggie Anthony suddenly sank in a hole of deep water a panic ensued, and all were soon beyond their depth and shrieking for aid. The girl who could swim managed to rescue two of her companions, but could do no more, and before aid could reach them the other four had disappeared for the last time. The bodies were all recovered.

Old Couple Bound, Gagged and Robbed.

WILLIAMSPORT, Pa., June 10.—William Condon and his wife, an aged couple in Gamble township, were severely handled during the night by five robbers. The couple were awakened from sleep, bound and gagged, and then the house was ransacked. The robbers found \$20, and then went to the barn and escaped with Mr. Condon's horse. The horse and wagon was recovered at Montoursville, but there is no trace of the burglars.

More Insurgents for Cuba.

TAMPA, Fla., June 10.—Passengers arriving from Key West state that an expedition composed of 300 men left there Wednesday. A carrier pigeon has reached Key West bearing a message that the filibusters landed safely. The expedition, it is said, must have landed on the northern coast, within 150 miles of Key West. Cubans here believe it landed near La Guaya. Generals Sanchez and Roloff head the expedition.

Still Fighting in Samoa.

SAN FRANCISCO, June 10.—The steamer Monowai brought advices from Samoa dated May 13, as a result of a tribal battle in the rebel district three natives were killed and a number wounded. Of the dead, one had his head taken off and another was cut entirely in half. The rebel party still defies the Malietoa government, which is taking no steps to quell the revolution.

Many Arrests in New York.

NEW YORK, June 10.—The new administration of the police department seems to have caused a revival of activity on the part of the rank and file in making arrests. During the week ending yesterday morning 2,437 arrests were recorded on the station house and central office blotters. This number is almost unprecedented in the history of the department.

Demolishing the Famous High Bridge.

TAMPAQUA, Pa., June 10.—The famous high bridge, the wooden structure which spans the head waters of the Schuylkill river, near Homestead, on the Central Railroad of New Jersey, is being demolished and replaced by an iron structure. The bridge was built thirty years ago and is half a mile long and 100 feet high.

Backed Into a Trolley Car.

STREATOR, Ill., June 10.—A Chicago and Alton freight train backed into a trolley car on the street railway and killed two passengers. Thomas Hardie, a saloon keeper, and S. M. Porter, an aged farmer, Martin Mallory, the motorman, was knocked off the car but not seriously injured. There were no others on the car.

Seriously Burned by an Explosion.

ASHLAND, Pa., June 10.—James Carlin, fireman, was fatally, and William Pounder, engineer, seriously burned by the explosion of an expansion pipe at the Lakeside Electric Railway company's power house, in Mahanoy City, yesterday.

A Russian Legation at the Vatican.

ST. PETERSBURG, June 10.—A ukase of the czar, just issued, establishes a permanent Russian legation at the Vatican. The legation will consist of a resident minister at Rome and a secretary.

A Cyclone in Italy.

ROME, June 10.—A cyclone swept the district of Motola, in the province of Lecce. Property to the amount of a million lire was damaged. No fatalities are yet reported.

THURSTON'S SUCCESSOR.

William R. Castle to Represent the Hawaiian Republic.

A STRONG FRIEND OF ANNEXATION.

It Is Believed the Selection of the New Republic's Foreign Minister Is to Emphasize the Desire for Annexation to Uncle Sam's Domain.

SAN FRANCISCO, June 10.—The steamer Monowai has arrived from Honolulu with Hawaiian advices to June 1. The most important is the announcement that William R. Castle has been appointed Hawaiian minister to Washington in place of J. A. Thurston. He will not leave for Washington until Aug. 1. Mr. Castle was one of the commissioners sent to Washington to arrange for annexation as soon as the monarchy was overthrown.

There had been suggestions advanced that the Hawaiian minister of foreign affairs would be sent here to represent the young republic, the appointment of so important a personage being considered possible on account of the efforts to kindle a sentiment in favor of annexation.

Mr. Castle is well remembered here as one of the commissioners who started for Washington as soon as the monarchy had been overthrown in the fruitless attempt to secure annexation. He has a wide acquaintance in congressional circles made on that visit. He is a native of the islands, born of missionary stock, a lawyer by profession, and a large owner of real estate.

The designation of Mr. Castle came as a surprise to the diplomatic corps. It had been rather generally presumed in Washington that Mr. Frank P. Hastings, who came to Washington as secretary of legation, and has acted charge d'affaires since the return of Mr. Thurston to Hawaii, would be promoted to the position practically made vacant by Secretary of State Gresham's letter asking for Thurston's recall. Mr. Hastings is adapted for the diplomatic career by his training which began as an attaché of the United States state department in Washington, and is an American by sympathy and education.

Evicting the Striking Miners.

WELCH, W. Va., June 10.—Striking miners in the Pocahontas region of Virginia are being evicted from the houses they occupy in large numbers, and the excitement there has been intense. The officers chop their way through the barricaded doors and remove the furniture to the street. One woman, a Hungarian, who fought to prevent her furniture being removed, was struck with a hatchet by a constable and seriously injured. Five men acting as agents for W. G. Baldwin, the Norfolk and Western railway detective, were arrested for trying to compel by force some of the strikers to go to work. It is feared that serious results may be the outcome.

Tarred, Feathered and Evicted.

WALLA WALLA, Wash., June 10.—Fifty masked men, heavily armed, took Joseph Fosatti and Robie Allen, a colored woman who runs a house of ill repute, and applied to them a coat of tar and feathers early yesterday morning. Their clothing was torn off and a heavy coat of tar and feathers applied, and the two ordered to leave the city. Although Fosatti is the son of a very respectable family, and has had more than the average advantage in life, he was persistent in living with this woman and on Friday they went to Dayton, where they were married. Mrs. D. Fosatti, the mother of young Fosatti, is prostrated with grief and is in a precarious condition.

Run Down by a Train.

HAZLETON, Pa., June 10.—A Pennsylvania railroad train at Idlewild ran down an Italian, cutting his leg off. The man at once drew a penknife and cut his throat. This act was performed before the scores of passengers on the train. The superintendent of the division was also on board. Ex-Postmaster Bide White, of Hazleton, told the officials that they were committing an inhuman act by passing the unfortunate man. The train was not stopped, however, until Halifax was reached, and a physician was sent down from there.

Sunday Night Murder in Philadelphia.

PHILADELPHIA, June 10.—Condigo Radice, aged 28 years, was stabbed in the abdomen by an unknown person last night, and died a few minutes afterwards. The murder occurred at 515 Christian street, in the Italian quarter. Louis Debona, who lives in the house, and five or six persons who were found there, were arrested. Debona on the charge of having done the stabbing and the others as witnesses. The details of the affair have not been made public.

Senator Gordon's Retirement.

ATLANTA, June 10.—Senator John B. Gordon is out in a card announcing his permanent retirement from politics. This paves the way for Hoke Smith to the administration candidate for the senate with no opposition in administration ranks. In view of Speaker Crisp's straight out declaration for free silver, it looks now as if these two men would lead the opposition forces.

Two Fatally Injured at a Fire.

ELIZABETH, N. J., June 10.—Two persons were fatally injured in a tenement house fire yesterday. The flames spread rapidly, and Mrs. John Fitz jumped from a window to the ground. She was so badly hurt that she will die. John Grigg went into the building to save some of his property. He was rescued in an unconscious condition, and cannot recover.

Dispossession by a Survey.

BUTTE, Neb., June 10.—From fifty to sixty settlers on the government land in Gregory county, South Dakota, have been dispossessed of their claims by the recent survey between the Indian reservation and Gregory county. Many of the farmers have been living on their claims for more than three years, and in some cases have improvements valued at \$1,000.

"My Trade"

will take anything I give them; they believe what I tell them; and I mean to sell them what I make the most on." That is what one grocer actually gives as a reason for selling washing-powders—imitations—instead of the original and best washing-compound—Pearline. If grocers and customers were all like these, the millions of women who are now blessing Pearline would still be doing useless hard work. But when you come across such a dealer, don't let him put you off with anything except Pearline. 357 JAMES PYLE, New York.

These doctors have been most aptly termed

THE WORLD'S GREATEST EXPERTS.

They point out, locate and describe every ache, pain and disagreeable feeling more fully, clearly and explicitly than has ever been done by any physicians on earth, and better than the patients can themselves; they understand and explain disease at a glance and disclose its incipient, progress and terminal end.

No person should doctor any further or take any more medicine before consulting them. Not only will callers be surprised at their wonderful knowledge of disease, their plain and simple explanation of every cause and effect, but at the marvellous rapidity with which their few, common sense, logical treatment cures to the very seat of the trouble giving almost instant relief, and in all cases, that have not progressed too far.

A Perfect, Absolute and Permanent Cure.

These doctors wish it distinctly understood that they will not take incurable cases—reserving the right to reject any case that in their judgment has passed into the incurable stage. Last year 4,191 were cured. At some of these cases these doctors were probably all surprised. SEE TO IT THAT YOU DO NOT DELAY TOO LONG.

JEREMIAH O'DONOVAN ROSSA.

Exciting Career of the Agitator Recently Ejected From the House of Commons. Jeremiah O'Donovan Rossa, who recently attempted to make a speech from a gallery in the British house of commons and was promptly ejected, was born plain Jeremiah O'Donovan in Ire

O'DONOVAN ROSSA.

land 63 years ago, but as there were dozens of Jeremiah O'Donovans in the County Cork he annexed the name Rossa. He was arrested in 1858 for his connection with the Phoenix society, the parent of the Fenian organization, and came to America in 1863, but returned to Ireland during the Fenian troubles two years later and was again jailed for conspiring to blow up the English government and free Ireland. He was imprisoned until 1871, when he was banished for 20 years and came to America, where he speedily became the most prominent member of the physical force faction that was seeking to establish Irish independence.

Before he had been in New York a year Rossa ran for state senator against William M. Tweed of malodorous memory, but was beaten. He engaged in the saloon, hotel and steamship agent business, but was unsuccessful, and finally started The United Irishman, the physical force organ. His office in New York was the resort of dynamiters and was the scene of many sensational occurrences.

In 1885 Yesselt Dudley, an English woman who believed Rossa was responsible for the explosions in London and other places abroad, called upon Rossa and feigned willingness to pay a large sum if more violence was done. She and Rossa descended from his office to the street, and as they walked along she shot him in the back. The injury was not a dangerous one and Rossa soon recovered. In 1887 Dick Short, a dynamiter, stabbed Captain Phelan in Rossa's office. In 1889 Rossa was accused by Henry Labouchere of having received money for betraying Irish secrets to the English government, and it was to answer this accusation that Rossa rose to make his recent speech in the commons.

Among Irishmen Rossa has a great many friends and fully as many enemies. Michael Davitt calls him a "revolutionary Bob Acres" and says he hasn't courage enough to set fire to a haystack.

Sousa.

A resident of Cincinnati who knew Sousa, the bandmaster, when he was a boy in Washington, says: "His mother was a German and his father a Spaniard, and though they had other children Mrs. Sousa would always talk of 'my Chompy' as if he was the only one. Chompy had every whim gratified. He wanted a piano, and got it; a violin, and got it; a drum, got it; a horn, got it. His parlor was like a music store. He played everything with ease. He was at first a drummer boy in the army, but later got charge of the Marine band, whether by influence or merit I do not know. That gave him room to develop, and he did to an amazing extent."

With the blood full of humors, the heated term is all the more oppressive. Give the system a thorough cleansing with Ayer's Sarsaparilla and a dose or two of Ayer's Pills, and you will enjoy Summer as never before in your life. Just try this for once, and you'll not repeat it.

"VENUS" AND "VICTORY."

How These Treasures of the Louvre Impressed an American Woman.

A New York woman, an art lover, is spending her first season in Paris, and how some of the old world art is seen through her new world eyes she tells in a recent letter:

"To the new world come among the art treasures of this part of the old world, it is the marbles rather than the paintings to which the soul responds. With the first headless muse, whose flash still throbs after hundreds of years through the draped masses of her thin Grecian robe, is established a bond which strengthens with almost every step through the marble lined Galerie of the Palais du Louvre. It is a bond that grows with the freedom and promise of the 'Winged Victory' and the fulfillment of the 'Venus of Milo.'"

"No statue in all the world perhaps stands so irresistibly for the message of womanhood as does this 'Venus.' From her beautiful throat, her nobly set head and her sweet and gracious mouth to her yielding but perfectly poised body and her firmly set foot she speaks woman—the love, beauty, honor, sincerity, protection, fulfillment of true womanhood. As you look through a long vista of marble set halls and for the first time see the 'Venus' awaiting you at the end with her calm, hopeful smile, and as she draws nearer, until you have come to the salon reserved in simple entirety for her breathing self, you know that she has been waiting for you through the centuries, and that to see her is why you have come all across the miles of sea and land."

"She breathes and smiles as you look at her, and her eyes that have been telling their secret for ages look into yours and bid you read. They tell you that the hand of her fashioner, some young, hopeful enthusiast, some inspired master of his loved art, put, all unknowing perhaps, his very heart into this master creation of early Greece and of the whole world. What matters though he be unknown? To see the 'Venus' is to know that he has not lived in vain since it is his heart, speaking through time and the half century that she has dwelt among us, that has won the homage of every one coming under her spell."

"From one of the grand staircases of the Louvre, where she is set as its crown, the 'Winged Victory' flings her message of promise—the promise of which this age is coming to be the forerunner. As you come face to face with the glorious and sweeping lines of this noble figure you are conscious that it is she who has set the keynote of the times which are among us, the keynote of personal liberty. As the 'Venus' stands for the fullness of life, the 'Victory' stands now, as she did even in her centuries before the Christ, for the very breath of the liberty of effort which shall lead to fulfillment. She bids you hope and strive; the 'Venus' whispers of peace at the end."—New York Times.

THE CHINESE BUY OUR "SANG."

The Herb Dug by Amelie Rives-Chanler's Taxis Goes to Them.

"There is quite a trade in ginseng," said the broker. "We export it to China, for the people of that country have a profound faith in its efficacy. It seems to be a curall with them. It is an old woman's remedy here—no one considers it as of any value, but the Chinese think differently. That which comes from Manchuria is esteemed better than ours; but, then, they take all we send gladly enough. No European nation sends any."

"The crop begins to arrive in June and keeps on coming till frost destroys the tops. We use the roots, and I believe they say the more forked they are the better. The last crop consisted of about a quarter of a million of pounds."

"Yes, it is growing scarce, for in the search the 'sang diggers' are exterminating it. Since I have been in the business—say, in 20 years—the price has risen from 80 cents per pound to \$4. The plant grows in moist woods—in leaf mold—in every state east of the Rocky mountains. You have read a good deal about the 'sang diggers' of the North Carolina mountains, but there are people just like them at work within a hundred miles of the city—men, women and children, who find their work materially helps in getting a living."

"A man up in Onondaga county, in this state, has begun cultivating it, but at present he is giving his attention more to producing seed and urging others to cultivate it than producing the roots for market. He is an enthusiast on the subject."—New York Press.

KNOWLEDGE

Brings comfort and improvement and adds to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid axative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver, and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50 cent bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

THOSE DUCK HUNTING JUDGES.

Complaint Against Them Dismissed in New Jersey—The New York Case Abandoned.

New Jersey's Supreme Court has stood by Judges Dixon and Ingalls in the Greenwood Lake steam launch duck hunting case, and has dismissed the proceedings against them and William C. DeGraw on the ground that an affidavit made on information and belief is not proof sufficient to warrant a justice in entertaining a complaint in a game law case. The suit in the New York courts was abandoned recently and this celebrated case seems to have come to an end.

THE ONLY BIG SHOW COMING.

Wait for Sells Brothers' Enormous United Shows.

The famous Sells Brothers will visit Middletown, Thursday, June 14th, with their entire colossal Three-Ring Circus and Monster Fifty-Cage Menagerie, which is the largest private collection of wild beasts in America, and is scarcely surpassed by any public zoological garden in the world, embracing none but perfect specimens of the rarest animals in captivity, many of which are not duplicated outside their forest homes.

Introducing all new, exclusive features, including Royal Roman Hippodrome races and gala day sports. Huge elevated Theatre Stages, African Aquarium, Australian Aviary, Arabian Caravan, Spectacular Pageants, Trans-Pacific Wild Beast Exhibit and Splendid Free Street Parade. Admission reduced from fifty to twenty-five cents, which includes a seat for every one. Had not Adam Forepaugh and P. T. Barnum made their final exits from mortality's great arena, presumably to manage "a galaxy of stars" elsewhere, they would be forced to admit that Sells Brothers now have essentially "the Greatest Show on Earth," and the only legitimate one of its kind left. Their menagerie includes many rare wild beasts, among which are the only pair of full-grown giant Hippopotami, worth \$100,000; a whole flock of stately ostriches; the troupe of educated Seals and Sea Lions, and fully 1,000 other novelties.

It is positively the greatest and grandest exhibition that has ever visited this city. Watch and see the largest and best street parade ever given in the public streets, which will take place at 10 a. m. on the day of the exhibition, then decide whether you want to see the performance. Twenty-five cents admits to all combined shows, including a comfortable seat. Special excursion rates on all railroads.

Crane & Swayze's Office Entered by Burglars. Thieves entered the office of Crane & Swayze at the old Wickham Mill, yesterday, or Saturday evening. Memorial High Mass. A memorial high mass was celebrated at 9 o'clock this morning, at St. Joseph's Church by Rev. Father Butler, for the repose of the soul of Mrs. Ann Burke, wife of Mr. William Burke. Mr. T. Cohalan and family, of New York, were present.

Beware of Ointment for Catarrh that Contains Mercury. Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good they can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure to get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

RHEUMATISM CURED IN A DAY. "MYSTIC CURE" for RHEUMATISM and NEURALGIA radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. NEWBURGH'S RAILROAD SCHEMES

Unsuccessful Attempts to Build a Line Westward—The Walden and Newburgh and Midland Projects.

The following bit of Walden Railroad history, taken from a local historical work, is interesting at the present time, in view of the near completion of an enterprise which the men of Newburgh dreamed about and strove for many years ago. It shows the value which the master minds of that day put on the improvement.

In the winter of 1867-8 the Newburgh and Walkkill Valley Railroad Company was organized and in the May following the Legislature made it lawful to borrow on the credit of the city \$350,000 to aid the construction of the road, and to issue the bonds of the city therefor, on condition that the consent should be obtained in writing of a majority of the taxpayers, who should own or represent more than one-half (in value) of the real and personal property of the city. The route selected was one extending from a connection at Vail's Gate with the Newburgh Branch and the Newburgh and New York Railroad to Walden. But to that route a number of influential citizens objected and, furthermore, the Newburgh and New York Railroad Company having made no tangible agreement to second the enterprise, the result was the failure to obtain the necessary consent to bond the city.

The Newburgh and Midland Railway Company was organized shortly afterward, mainly by the opponents of the Vail's Gate route. George Clark was elected President; O. H. Hathaway Vice President; Alfred Post, Treasurer; John Dale, Secretary.

An effort was made to bond the city for \$500,000, and, what was presumed to be, the consent of taxpayers representing more than one-half of the value of the taxable property was obtained. The project was strongly opposed by the supporters of the Vail's Gate route, as the line selected was to extend from the end of the city direct to Walden, thence to Fair Oaks on the Midland Railroad. County Judge Thomas George decided that the signatures to the petition did not represent one-half of the value of the taxable property of the city—\$555,000 of the amount being held by executors, administrators, etc., whose right to represent the trusts in this matter was denied. The General Term affirmed the decision, Justices Tappan and Gilbert concurring and Justice Barnard dissenting. That ended the project.

A Grandmother Charged with Infanticide. LOWVILLE, N. Y., June 10.—Albany Radley, of Watson 60 years old, the wife of Philo Radley, has been arrested and placed in the county jail charged with the murder of an infant born to her unnamed daughter thirteen years ago. The daughter was made by her daughter-in-law now Mrs. Henry Wright, who alleges that the child received no food or care for five days after birth, and on the sixth day was strangled to death by Mrs. Radley, who drew a cord tight about its neck. The remains were kept about a week in the cellar, she alleges and finally were burned up by Mrs. Radley. The accused says she can prove her innocence.

Turkey's New Foreign Minister. CONSTANTINOPLE, June 10.—Turkman Pasha, late of Crete, has been appointed minister of foreign affairs. Turkman Pasha has been mentioned as a probable appointee of the sultan to the position of governor general of Armenia. This indicates a more favorable attitude on the part of the sultan towards reform in the Armenian provinces.

Rival Lovers' Fatal Fight. VERSAILLES, Ind., June 10.—Grant Johnson shot and killed John Huntington yesterday afternoon. Both were courting the same girl, the daughter of Thomas Huntington, who was shot and killed by Huntington. Huntington pulled a gun on Johnson, who drew his revolver and shot Huntington dead. Johnson gave himself up.

Killed His Brother with a Shovel. BELLAIRE, O., June 10.—At Woodfield O., Bud Alexander in a fight struck his brother Melroy over the back of the head with a shovel, causing instant death. He is in jail charged with murder.

Charged with Robbing His Wife. TRENTON, June 10.—The police of New York, Philadelphia, and this city have been notified to arrest Actor King Headley, of New York, at the instance of his wife, who claims that he secured \$10,000 from her under false pretenses, and that he then deserted her. Mrs. Headley, when she married the actor, was the widow of J. Ben Reeder, formerly a wealthy hotelier of this city. She met Headley in New York, and married him in March of this year, after a brief acquaintance.

Consul General Williams at Washington. WASHINGTON, June 10.—Ramon O. Williams, the consul general of the United States to Havana, who is on leave of absence from his post of duty, is in the city. He is here presumably for the purpose of again seeing the state department officials. He declined to say anything for publication concerning the reports that he is persona non grata to the Spanish government and may not return to Havana.

Three Sunday Bathers Drowned. CLEVELAND, June 10.—Three boys, Emmett Sweeney, Patrick Morris and Michael Sheridan, aged 11, 12 and 11 years respectively, went bathing in Lake Erie yesterday afternoon. They were only a short distance from the shore, and the water was not very deep. Morris was seized with cramp, and his two companions went to his rescue, when all three were drowned.

Twelve Drowned in a Lake. LONDON, June 10.—A dispatch from Riga, Russia, says that a sailing vessel capsized on the Stint lake and of the sixteen persons on board twelve were drowned. A woman who was among those saved lost five through the accident.

PENNSYLVANIA LEGISLATURE

Refusal of an Appropriation for the Philadelphia Investigation.

HARRISBURG, June 10.—After one of the most memorable deadlocks on the eve of the final adjournment the senate, early Saturday morning, was compelled to recede from the amendment to the general appropriation bill setting aside \$20,000 for the expenses of the Penrose committee to investigate the municipal affairs of Philadelphia.

That the attempt to stifle the proposed investigation will prove abortive was emphasized late in the afternoon by the organization of the committee and the authoritative announcement that the investigation would be proceeded with. The committee met in room 116 of the Lochiel hotel, the senators remaining over in order that the committee might be put in position for work at as early a date as possible. All of the senators were present, as follows: William H. Andrews, John C. Grady, E. B. Harlanburg, C. Wesley Thomas, S. J. McCarrell and Arthur Kennedy. Senator Penrose was held in executive session, but it is no secret that nearly every one of the members made stirring speeches announcing their determination to push the probe in as far as it will go.

The committee organized by the selection of William H. Andrews as chairman and C. Wesley Thomas as secretary. On motion of Senator Grady the chairman was instructed to engage competent counsel to assist the committee, to secure one or more stenographers, and to look after the necessary clerk hire. On motion of Senator Kennedy the chairman was instructed to have 2,000 subpoenas printed. Although no announcement was made of the fact it is known that the W. F. Perry of Philadelphia, is to be the counsel of the committee. He will be instructed to prepare the necessary papers in the case, and will have everything in shape for the meetings of the committee. The committee adjourned to meet at the call of the chair.

While the committee adjourned to meet at the call of the chair, it was agreed that the next meeting should be held in Harrisburg in the early part of August. By that time it was thought all the details could be arranged and the committee be prepared at once to plunge into the investigation.

Comedian Emmet Tries Murder.

SAN FRANCISCO, June 10.—J. K. Emmet, Jr., the German dialect comedian, attempted to murder his wife Saturday night, and was only prevented from executing his design by the forcible interference of neighbors. Emmet had been about town all day, and in the evening returned home in a drunken condition. He and his wife had an altercation and she fled from the house. Emmet pursued her into the street and fired a shot at her at close range. Then he caught the unfortunate woman and beat her about the face with the butt end of the gun. Two young men pulled the maddened actor from his victim and turned him over to the police. Mrs. Emmet refused to allow her wounds to be examined. She insisted she had not been shot. There is a large crowd of people gathered about the house, the ball ranged beneath the scalp, but it is not dangerous. Emmet was arrested and admitted to bail.

Killed by Sewer Gas.

PROVIDENCE, June 10.—Germano Palumbo, Pasquale Maffeo, Crescenzo Desimono, Italians, and Charles Cassidy, a tailor of this city, were overcome by sewer gas at a cess pool at the rear of 561 Charles street. Desimono descended a ladder into a vault to repair a leaking pipe connected with a house of which he is the owner, and had no sooner reached the bottom than he was overcome by the gas which escaped from an adjoining vault. Maffeo and Palumbo descended soon after, and they, too, lost consciousness. After several attempts rescuers succeeded in bringing up all three of the men. Palumbo was dead, and the condition of the others is serious. Palumbo was 32 years old and leaves a family.

Pennsylvania Forest Fires Renewed.

BRADFORD, Pa., June 10.—The forest fires of last week were renewed fiercely on Saturday and are still burning. Fires are reported in the vicinity of the Kane oil field and a force of men is fighting the flames. Ormsby is again the scene of destructive fires and a large amount of valuable timber has been destroyed. Fires are reported in the vicinity of Mount Alto and Mount Jewett. A destructive fire at Sugar Run, a small lumber town eighteen miles west of here, yesterday destroyed a trestle on the Allegheny and Kinzua railroad, and a large amount of timber.

The Judge Himself Convicted.

PERRY, O. T., June 10.—George Parker, a citizen of Allegheny, was arraigned a few days ago before Judge Goodwin for drunkenness, and disorderly conduct. Judge Goodwin impelled a jury of twelve men to try the case, who returned a verdict of guilty against the court. The verdict says: "We find the defendant, George Parker, not guilty as charged, but we find the judge of this court guilty of the offense charged against the defendant, and that the costs in this case be assessed against him." The jury was composed of the best men in town.

A Locomotive Runs Away.

LOGANSPORT, Ind., June 10.—A passenger engine, while standing in the Pan Handle yards without any person on board, ran away yesterday. Only for the promptness of a switchman, who threw the engine onto a siding, it would have struck a passenger train. As it was it collided with a switch engine, killing Fred Schulz, a switch engineer, and badly wounding Pat Gray, his fireman.

NUGGETS OF NEWS.

Arthur L. Brickell, 23 years old died at Brooklyn last night from inhaling illuminating gas a week ago.

Cameron, a town of 1,500 inhabitants between Grafton and Wheeling, W. Va., was almost wiped out by fire yesterday. Captain John Blackburn and two other men were drowned by the foundering of a steam yacht on Lake Ontario yesterday.

Rev. Ralph Swinburn, the oldest railroad engineer in the world, died in Charleston, W. Va., aged 90. He was associated with Stephenson on the first locomotive ever built.

Last reports from the disastrous storms in the vicinity of Wurtemburg add to the horror of the first accounts, and describe the country as being transformed into a veritable desert.

ABOVE PREJUDICES

From St. Andrews and Elsewhere

A good man, the head of a Roman catholic college, was walking home the falling light, when he beheld the middle of the road a dark object in the snow. Drawing near, he found a little cobbler from the neighboring hamlet lying unconsciously drunk. The Jesuit could not leave him to perish, so with difficulty he raised him from the ground, and with much trouble he managed to get the helpless fellow mortal to his house, half a mile off.

Though unconscious at starting, the tipsy cobbler had partly regained his senses when he reached his door, and he uttered some words

the good natured priest said: "May be ye wad not be so o'ken, if ye kenned who I am." "O'ken, I've fenne. Ye're a Cawthlie priest. But I'm a man aboon a price."

A False Diagnosis.

A Grippie is confounded by many persons with a severe attack of catarrh, which in some respects resembles the former. These individuals suffer severely with pain about the head, eyes and ears, with soreness in throat and stoppage of the nasal passages, and in many cases, are incapacitated for work of any kind for days at a time. These are catarrhal sufferers. The Cream Balm has been used with the best results in such cases. The remedy will give instant relief.

A False Diagnosis.

A Gripee is confounded by many persons with a severe attack of catarrh, which in some respects resembles the former. These individuals suffer severely with pain about the head, eyes and ears, with soreness in throat and stoppage of the nasal passages, and in any kind, a complete incapacitation of work of an hour for days at a time. These are catarrhal sufferers. The Cream Balm has been used with the best results in such cases. The remedy will give instant relief.

THE HYGIENE OF THE MOUTH

In a recent lecture before the Wistar Biological Association, entitled "The Bacterio-Pathology of the mouth, and its significance in its relation to general diseases" Prof W. D. Miller, of Berlin, stated that thirty two distinct species of germs has been found in the mouth and that these germs give rise to various diseases.

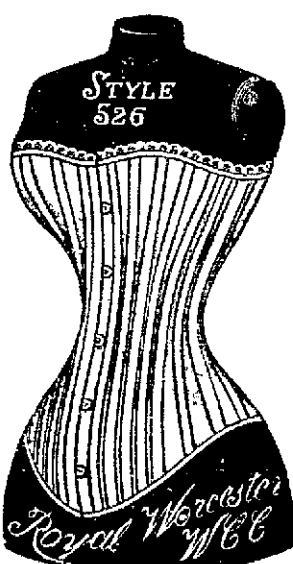

"Want of space" prevents us from giving Prof. Miller's lecture in full, but the practical deduction is that increased care should be devoted to keeping the mouth perfectly healthy. This will be one of the features of "preventive medicine" the dawn of which is evidently approaching. The logical course for those who attach importance to such things is to use our Ivory Tooth Wash frequently and liberally. It is antiseptic, purifying and cleansing in its effect, very pleasant to use and leaves a clean taste in the mouth, whitens the teeth and sweetens the breath. We make it and we vouch for it as an article of merit. 25 cents a bottle. McMONAGLE & ROGERS, druggists.

OUR CUSTOMERS ARE EDUCATED

To expect the best of everything when dealing with us. Twenty-five years' record makes that expectation certain of realization, while our prices are no more than an inferior article frequently costs the customer. —Grass is being cut on upland fields in this vicinity. The crop is a very light one on all high grounds and unless rain comes soon, and in generous volume, the yield of lowland lots will scarcely be more than half a good season's return.
—Pleasure riders will consult their happiness by avoiding driving over the road from this city to Mount Hope until after rain has fallen, for dust is more than a flock deep several miles of the distance between the two places.
—While an organ grinder with a monkey was entertaining Fishkill Landing, a dry or two ago, an enterprising tramp passed around the bar, and the people thinking he was a side partner of the monkey, dropped in their pennies. He had collected sixty-five cents before an officer dropped on his little game.

SURPRISED THE ENDEAVORERS.

A View of Sunday Opening at Midway Park That Was Not Expected
Rev. C. M. Winchester was present at the C. E. Convention, in Monroe, Saturday. He was invited there to speak on the opening of Midway Park on Sunday, but he surprised his hearers by saying that Middletown with its eighty drinking places, most of them open, was not as safe a place on Sunday for young men as Midway Park.

An amendment that he offered to the resolution condemning the Traction Company for opening the park, so as to make it commend the company, was not seconded.

A Runaway on North Street

I have been using Hood's Pills for some time, and recommend them as a safe and reliable medicine." Hood's Pills cure all liver ills.

CHILDREN'S DAY.

ITS OBSERVANCE IN MIDDLETOWN CHURCHES SUNDAY.

Large Attendance and Interesting Exercises at Most of the Churches—Elaborate Decorations With Flowers, Ferns and Flags.

Yesterday was Children's Day, the one day in the year set apart for special exercises for the children in most of the Protestant churches. Certainly the weather could not have been finer for such an occasion and as a result the attendance was very large at all the churches.

THE FIRST BAPTIST CHURCH.

At the First Baptist Church the Children's Day exercises were held in the evening. A great arch, made of field daisies, stood in front of the pulpit. The children occupied the choir loft and were almost hidden among the mass of flowers arranged around the rail.

The following programme was rendered:

SECOND PRESBYTERIAN CHURCH.

At the Second Presbyterian Church, in the morning, Dr. Beattie preached a sermon appropriate to Children's Day. The evening service was in charge of the Sunday School, the title of which was "The Battle of Life."

The decorations consisted of a shield 4½ by over 5 feet long suspended over the choir gallery, in the center of which was a white cross of flowers. On either side were gracefully draped large flags.

Over the shield was a large sword made of roses. In front of the organ were two banners, on which were the mottoes "Certain Victory" and "Great Reward." The platform was decorated with flowers.

The following programme was rendered:

Hymn.....
By congregation.....
Prayer.....

Address.....
Dr. Beattie.

Mr. Stevens presided at the organ and a cornet solo was played by John Gordon.

The closing selection was the "Triumphal Chorus," beginning with a bugle call, and a duet by Florence and Ella Purdy.

FIRST PRESBYTERIAN CHURCH.

At the First Presbyterian Church, the services were held at 4 o'clock in the afternoon. Superintendent W. B. Royce, of the Sunday school in charge.

The decorations were very elaborate and were by Bartholomew. They consisted of huge pyramids of palms, ferns and cut flowers on each side of

the pulpit, and a row of potted plants around the altar rail. Behind the pastor's chair was a white banner with the words "Feed My Lambs" in gold.

The services were opened with prayer by the pastor, Rev. Dr. Gordon.

The first part of the programme consisted of a service entitled "Feed My Lambs," which consisted of recitations and songs, in which the following little girls took part: Louise Corwin, Virginia Baker, Gussie Beakes, Cora Jordan, Mabel Jones and Ruth Knight.

The next exercise was papers on the Beatitudes read by the following young ladies and gentlemen: Irene Gardner, John Miller, Laura Clark, Geo. O. Rutan, Anna S. Woodward, Philip Whitlock and Nellie S. Shafer.

The next was responsive readings. The exercises were interspersed with singing by the school and choir under the direction of Mr. H. L. Adams.

The closing prayer was made by Mr. Harry Dunning, who is preparing for the ministry.

ST. PAUL'S M. E. CHURCH.

At St. Paul's M. E. Church the services were held in the morning. The subject on the programme was "The Golden Gate." In front of the pulpit was erected an arched gateway with a golden gate ajar. On the arch were the words: "The Golden Gate," and on the top the words: "Duty, Wisdom, Culture, Truth, Service, Life." At each side of the gateway were masses of cut flowers.

At the side of the "Golden Gate" stood the "Guardian," Miss Fluma Sears; Howard Brooks represented "Duty" and was given the key of "Obedience" with which to unlock the "Golden Gate." Mamie Van Dyne represented "Wisdom" and was given the key of "Sincerity." Elsie Northrop represented "Culture" and was given the key of "Humanity." Jennie Miller represented "Truth" and given the key of "Love." Joseph Grant represented "Service" and was given the key of "Endeavor," and Lillian Groo representing "Life" was given the key of "Self Surrender."

The opening prayer and benediction were by the pastor, Rev. Dr. Wilson.

The introductory address was by Master Will Biggie.

There were in addition to the above exercises by the primary class, singing by the school and responsive readings. John Creevy, Superintendent of the school had charge of the exercises.

FIRST CONGREGATIONAL CHURCH.

At the First Congregational Church the services were held in the evening and were in charge of Superintendent McWilliams, with Mr. J. W. Marvin as chorister.

The decorations consisted of a solid row of daisies around the edge of the platform and numerous bouquets of cut flowers arranged about the pulpit.

The exercises consisted of responsive readings, singing by the school and recitations by a number of children.

AT THE CHILDREN'S HOME

Children's Day was also observed at the Children's Home and it safe to say that the exercises were as pleasing to the little folks at the home as to the more fortunate children in the several Sunday schools. They have a Sunday school of their own and Miss Mattison is the superintendent. She arranged the following programme, which was carried out at 2:30 p. m.:

1. Hymn.....
2. Prayer.....
3. Song.....
4. Violin Solo Miss M. Belle Austin
5. Motion Song.....

OBITUARY.

Herman Fernhaber.

Herman Fernhaber, of No. 10 Grand avenue, died in the State Hospital last night, aged fifty-two years. For a week or so past Mr. Fernhaber had not been well and his condition became such that on Friday he was removed to the State Hospital, where he grew steadily worse, dying as above stated.

Mr. Fernhaber was born in Wadendorf, Germany, and came to New York in 1867. He came to Middletown in the same year and secured employment as a saw filer in the saw factory, working there with the exception of a short interval for about twenty years. Since the strike in the saw factory he has been engaged in the business of florist and vegetable gardener.

He married Elizabeth Miller, on May 30th, 1867 who survives him, as do two sons, William F. of New York, and Samuel E., of Albert street, this city.

Mr. Fernhaber was a member of Ivanhoe Lodge, No. 2103, K. of H., and attended the Episcopal Church.

Samuel Hyatt Bunnell.

Samuel Hyatt Bunnell, of Livingston Manor, died in Thrall Hospital, this morning, aged seventy-one years and twenty-nine days. Mr. Bunnell came to this city about two weeks ago to visit his daughter, Mrs. Jere Bowker, and was taken sick and removed to the hospital. He was a veteran of the war, having gone to the front with Co. C., 152d Regiment, N. Y. V. He was a carpenter by trade.

He survived by two daughters, Mrs. C. S. Vernooy, of Roscoe, and Mrs. Bowker. The remains will be taken to Livingston Manor, Tuesday morning, on O. and W., train one.

INCLINED RAILWAY WIRE CUT.

An Injunction to Be Obtained by the Owners of the Roller Coaster—Six Thousand Passengers.

The proprietors of the inclined railway and roller coaster at Midway park and the managers of the Traction Company had another "run in," yesterday, which resulted in the latter cutting the wire which supplies the motive power, as was done a week ago. It is understood that an injunction has been applied for restraining the Traction Company from interfering with the business of the roller coaster firm, until their rights may be judicially determined.

While to all appearances travel was light on the electric road, yesterday, the return show that nearly 6,000 passengers were carried by the cars.

Bearing Monhagen's Gift to Crystal House, of Scranton.

The delegation from Monhagen Hose Co., which is to visit Crystal House Co., of Scranton, left town via the O. and W. at 10:55 o'clock, this morning. In the party were Messrs. Higham, Merrill, Staib, McIntyre and Lipfield, of Monhagens, and Mr. D. W. Dusenbury, Mr. Elliott Weed went by way of the Erie and will meet the party in Scranton. They expect to return to-morrow afternoon.

Beylins' Outings.

A party of fifteen members of the Middletown Wheelmen rode their wheels to Ellenville, yesterday. A smaller party went to Walden. Another party rode to Newburgh by moonlight, Saturday night.

The Daughter of Senator Murphy is Much Younger Than Her Husband.

Miss Lilion Murphy, who recently became the wife of Hugh J. Grant, ex-governor of New York city and a Grant, the leading spirit of Tammany Hall, is the eldest daughter of Edward Murphy, United States senator from New York. She is a tall, attractive young woman, of 23 and made her debut in Washington society two years ago, when her father left his home in Troy to take his seat in the senate.

Senator Murphy and ex-Mayor Grant have long been warm friends, and the latter's frequent visits to the senator's home at his country house in Washington have been at first, considered ordinary friendly visits until his devotion to Miss Murphy gave the Washington gossip an intimation that the latter's marriageable daughter was about to surrender to the allurements of matrimony. Mr Grant was born in New York in 1853 and is consequently 19 years older than his wife. He real- ized some of a well to do New York real estate dealer and was educated in the United States and Germany. He is a

DON'T STOP TOBACCO

And don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of the use of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about "BACO-CURO." It is purely vegetable. You do not have to stop using tobacco with "BACO-CURO." It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An ironclad written guarantee to a solution cure the tobacco habit in all its forms, or money refunded.

Dear Sirs—I have been a tobacco user for many years, and during the past two years have smoked about twenty cigars per day every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being at least. I tried the so-called "Ivory Cure," "No-To-Bac," and various other remedies, but without success, until I accidently learned of your "Baco-Curo." Three weeks ago today I commenced using your preparation, and to-day I consider myself completely cured. I am the best thirty years old man in the world for tobacco, which every inveterate smoker fully appreciates. It has completely left me. I consider your "Baco-Curo" simply wonderful, and I fully recommend it.
Yours very truly,

Dear Sirs—I have used your "Baco-Curo" very extensively. I have often tried to give up the use of tobacco, but always failed, until I bought three boxes of your "Baco-Curo." I used tobacco at the same time while taking "Baco-Curo," and after a week I lost the appetite for tobacco—smoking or chewing. I am enjoying better health and consider your "Baco-Curo" the safest, most harmless, and reliable remedy for to break the tobacco habit. Yours truly,

WHAT MR. KRAEMER SAYS OF "BACO-CURO."
This is to certify that I, F. D. Kraemer, of Atlantic, Iowa, was an inveterate smoker of cigarettes for more than two years. About eight weeks ago I bought three boxes of "Baco-Curo." I began taking it according to directions, and after taking one and one-half boxes, all the desire for cigarettes left me, and I have had no desire since.
I can heartily recommend "Baco-Curo" to all who are slaves to the cigarette habit or tobacco habit in any form, and are in search of a cure. I had become so under the influence of cigarettes, I could not remember anything, could not study, unless under the influence of the drug, which is death in the end, if kept up.
Cigarettes are sapping the lives out of more boys and young men to-day, than anything that is known to the world. Boys, before it is too late get some of this remedy that killed the craving for cigarettes in me and save your young life. Restore yourself to manhood. You will feel as though you had escaped an awful doom, and you have, when cured by "Baco-Curo," for you feel like a new being. I never felt better in all my life than at this present writing. I did not know what was the matter with me, until informed by the agent. He told me what was the reason I could not do anything unless under the influence of the death-dealing poison found in cigarettes. I did not believe him at first, until he explained the action on the system. Then I bought the goods and thank God and all concerned, I am a sound person to-day. Hoping the "Baco-Curo" may reach the unfortunate cigarette smoker, I remain, Yours respectfully,
F. D. KRAEMER.

DOCTOR OF POWWOW.

How Healing by Magic Is Practiced in Pennsylvania.

Aged Peter Bausher lives in a rough hewn log hut at the base of the Blue mountains in northern Berks county, Pa. He is a famous powwow man, and his services have been freely given for the last 50 years. Added to his excellent neighborly qualities is the fact that he is a sincere Christian. And yet he practices magic healing. The mountaineers say he has performed wonderful cures, and for this reason his services were in great demand. But he is too old now to venture far from home. In his own way he told this story of his life: "My father could powwow. So could his father. For 150 years the Baushers of my family knew the prayers for various cures. Powwow healing is by faith and prayers. We do it all in the German language. For each affliction there is a special prayer. None of my prayers heals so quick as the one I use for hemorrhage. I have frequently stopped a serious flow of blood in a minute after powwowing. Pains from burns I cure the same way. Erysipelas, wildfire, fells, lameness, sprains, poison, plague and many other afflictions, such as wasting away, fits, St. Anthony's dance, afflictions of the nerves, quickly disappear with powwowing.

"I use no medicine, only words, said silently. The words I know were handed down from father to son. They were never written. I think my great-grandfather handed down the words I now use. What they were when he first used them I don't know, but they have changed, no doubt. If my secret is not to die with me, I must tell my oldest son, but he says he will have nothing to do with it. Of course I can tell a woman, but not a man, except my oldest son. Man tells woman, and woman tells man. You must be near the person and see him when you powwow for him. I never made any charge in my life. I dare not. My gift must be given entirely without price.

"While powwowing is all right for certain afflictions, yet when a person has typhoid fever, diphtheria or any dangerous disease like that, then my advice is to send for a reputable doctor at once and don't bother with powwowing. But there are some things that doctors can't touch. Powwowing can heal and cure every time. The patient, of course, must have faith in all the strongest faith in the powwow, or it won't do any good.

"I only try to cure people and help the afflicted. A person must go under instructions. But it is a common thing to meet old women who can powwow for burns or bloodletting. Their husbands told them how to do it. Their cures to the outside world would seem very curious, not to say startling. People take the treatment as naturally as they drink water and think nothing of it. But it is the mysterious, baffling afflictions of human life that powwowing helps and cures. Many a person declining to the grave under a strange, unknown spell is helped, and the consuming evil spirit within him is driven out by prayer or powwow alone, and the sufferer is healed. Nearly all the good old powwowers are dead."—New York Sun.

Accurate intelligence from Nicaragua by way of Washington indicates clearly that the Central American republics are about to boycott Great Britain with exceeding bitterness. Trustworthy advices from the same source show unmistakably also that the Central American republics will become allies of Great Britain and place themselves henceforth under the protection of the British lion. —Chicago Tribune.

Why He Married Her.

When Mr. George Nathaniel Carzon, M. P., arrived home at Kidlington, in England, his 300 tenants all turned out to greet him and his bride. Being called upon to address them, Mr. Carzon, thanking them for their welcome, said: "The question has been asked 'Why I went to America for a bride. The answer is before you.'"

It was not a hump. He got out of his wagon in front of a Woodward avenue clothing store and said to the floorwalker, who met him at the door: "I'm thinkin' some of buyin' a suit of clothes. D'ye think they kin fit me here?" "Oh, certainly! Take the elevator," was the reply. When a salesman came to look him over, the case was different, however. He noticed that the farmer had a large and decided hump between his shoulders, and after a little he made bold to say: "It will be hard work to get an exact fit on account of your misfortune, but I'll do the best I can." "What misfortune?" was the query. "Why, that hump. It makes it very bad, you see." "That hump? Oh, you kin take that off! Just reach up your hand and pull it out. That's no natural hump, but a turnip the ole woman crowded in under my vest." "So it is," exclaimed the clerk as he brought it out to view. "Why on earth are you wearing that around?" "She put it in there to make me remember that I was to buy a fine comb. Here, write it down before I forget it. That's a fine comb—a fine comb, and now I'll put the slip in my vest pocket and shove the turnip down my boot leg to make me remember the slip!"—Detroit Free Press.
